

## Remedial and Introductory Math Organization

The required math codes for each class are shown in the diagram. If transfer students don't have the math code that they believe their coursework warrants, then they may contact the math department chair (Jeff Haag, BSS 320, x5345, [Jeffrey.Haag@humboldt.edu](mailto:Jeffrey.Haag@humboldt.edu)) for an evaluation. A copy of unofficial transcripts (either paper or electronic) is usually all that is required for this evaluation.
