

ISH-KAYSH PAY-SARUK TRIPP

242 Sunset Lane - Willow Creek, CA – ipt13@humboldt.edu - 530.510.1214

OBJECTIVE

Looking for internship regarding water quality, engineering, and environmental sciences.

EDUCATION

Graduated from Hoopa Valley High School in 2015 with 3.97 GPA within Top 5% of class.

Currently attending Humboldt State University as an Undergraduate majoring in Environmental Resources Engineering and minor in Federal Indian Law. Expected to Graduate 2020. Cumulative GPA: 3.13

EXPERIENCE

June-August
2016

Intern, *Klamath Basin Tribal Youth Program* (KBTYP)

- Contributed to head intern's Master Thesis by conducting Veg Plot analysis regarding Red Huckleberry within the Redwood Experimental Forest.
- Participated in 3-4 week survey in Scotts Valley on the cold water refugias in the Scotts River to determine the conditions of survival for juvenile Coho salmon in the summer.
- Able to utilize pH readers, HOBO data loggers, Turbidity meters, and conduct veg plots as result.
- Gained team building skills by working with groups of interns.

Week of
Summer in 2015

Mentor, *Red Deer Consulting Firm*

- I worked as a mentor for what was known as a 'Spiritual Bootcamp' in the mountains of Elk Valley near Chimney Rock. Purpose of this camp was to teach native youth about cultural values and world renewal ceremonies still carried on today.

AWARDS

Recipient of the Gates Millennium Scholarship. The program is funded by the Bill & Melinda Gates Foundation and made available to academically successful students of ethnic diversity in need of scholarly funding.

COMMUNICATION

Created a presentation of the survey conducted as an intern for KBTYP along with two other interns. Presented by all three of us to a small audience of professors at Humboldt State University.

CULTURAL LEADERSHIP

- Mentor at Spiritual Bootcamp conducted by the Red Deer Consulting Firm
- Participates in Yurok/Karuk world renewal ceremonies.
- Repair/create ceremonial regalia including Yurok Redwood dugout Canoes.
