Objective

I am an Environmental Resources Engineering student seeking internship and part-time job opportunities.

Experience

Contra Costa ARC, George Miller Center

October, 2012 to September, 2013

- I helped maintain the quality of the early intervention program by continuously training direct support professionals.
- I wrote student progress reports used to assess future educational service needs.
- I developed and trained a comprehensive classroom data collection system and collaborated with colleagues to improve teaching guidelines.

Senior Tutor, Autism Resource Team, San Francisco Unified School District August, 2008 to April, 2012

- I assisted the case manager and behavior analyst in training behavioral therapy tutors and assessed student progress based on tutor data collection. I also advised classroom teachers about effective behavioral intervention techniques and use of support materials.

Education

Environmental Resources Engineering, Humboldt State University

Fall, 2016 to Fall, 2019 (Expected)

- Software Experience: Excel, VBA, Fortran (in progress), AutoCAD
- Current courses: Computational Methods I, Mechanical Engineering: Dynamics, Introduction to Environmental Engineering, Ethnic Studies

Psychology B.A., San Francisco State University

Fall, 2008 to Summer, 2010

Dean's list Spring 2009, Spring 2010

3.55 GPA

Volunteering

Engineering Fest

September 24, 2016

- I operated a booth for the local student chapter of Society of Women Engineers. I demonstrated Newton's third law of motion to local middle and elementary school students.
